

Things I Said Today 4:03

Well there's a part inside of me that says to go
And there's a part inside of me that says no
I wonder should I go or should I stay
Should I let this feeling grow, or fade away
I didn't mean to be so hard
I wish you'd known it from the start
I didn't mean to say the things I said today
Well there's a time to change,
The time to change is now
(A time to change, the time to change is now)
There's a time to move ahead and to slow down
These feelings are so strong, but so confused
(So what am I supposed to do?)
And if only I could make one wish come true
I didn't mean to break your heart
I wish you'd known it from the start
I didn't mean to say the things I said today
I didn't mean to be so hard
I wish you'd known it from the start
I didn't mean to say the things I said today
Well there's a time to change,
The time to change is now
(A time to change, the time to change is now)
There's a time to move ahead and to slow down
These feelings are so strong, but so confused
(So what am I supposed to do?)
And if only I could make one wish come true...for you
