

Trust 4:15

I guess it's about time I said I'm sorry
For all the pain I put you through
But love has peculiar means of expression
Now I'd like to make it up to you
This time, don't make me wait forever
Together we will learn to trust
Now I'm not saying please stay forever
Cause all I ask is one more night
And if we can't find this love come morning
Then we can't say we never tried, no way
This time, Don't make me wait forever
This time, The road goes on forever
And together we will learn to trust
Seems like together we can fill this empty space
There are some memories that our pride can not replace
This time, Don't make me wait forever
This time, The road goes on forever
This time, Don't make me wait forever
And together we will learn to trust
Together we will learn to trust
